75 YEARS OF GEOMAGNETIC MEASUREMENTS OF THE ROMANIAN CENTENARY

The 4th Anniversary
Round Table and Workshop
16-19 October 2018,
Bucharest and Moara Vlăsiei, Ilfov county, Romania

We look forward to welcome you to the Round Table and Workshop on Geomagnetic Measurements organized by the Geological Institute of Romania at the Geological National Museum and at Surlari National Geomagnetic Observatory on October 16, 2018 when we celebrate 75th years of continuous work.

The main topics of the Round Table and Workshop will be the practical and theoretical problems associated with observations of the natural geomagnetic field at geomagnetic observatories and their applications. Also, one day of DI measurements will be set on the main pier of Absolute Measurement Lab in Surlari Observatory (SUA).

The intent is to stimulate participant discussions in aim of the exchange of information and experience related to the methodology of such observations. The subjects of the presentations can be: Magnetic Observatories: from compass to flux-gate epoch; From deep core to space: long term and short term variations of geomagnetic field; Magnetic Observatories and Satellites: a needed synergy to characterize the geomagnetic field; Magnetism and our world: from current to future applications.

The selected presentations at the meeting will be considered for publication in a special issue of the Romanian Geophysical Journal (<http://www.worldcat.org/title/revue-roumaine-de-geophysique/oclc/25662339>).

Important dates

Deadline for Registration: August, 31 (the Registration form must be completed and returned by e-mail or at: <http://igr.ro/index.php?optiune=73>)

Deadline for Abstracts: September, 15 (the Abstracts of the scientific communications, including no more than 200 words, written in Word, should be sent by e-mail at margoisac@yahoo.com, in order to be included in the booklet – programme. Abstracts (title, authors, affiliation and body) will be written in English, Times New Roman, 12, single, normal, justified.

Second Circular: October the first

The registration Fee **NO FEE**

The cost of the field trip (Sibiu - <https://en.wikipedia.org/wiki/Sibiu> and Sibiel - <http://www.sibiel-sibiu.ro/en/prezentare.html>) will be moderate. The meal will be served at the restaurant. The transport to the field trip will be ensured by the institute. Please, send me your choice of participating or not to the field trip. We estimate the costs of transport, meal to be around 50 euro (equivalent of Romanian value).

Contact address: Dr. Anca Isac

E-mail: margoisac@yahoo.com

Registration can be done [here](#)

REGISTRATION FORM

Name and Surname:

Affiliation (organization name, address, city and country):

Presentation title (we encourage oral presentation):

Participating in DI instrument comparison (y/n):

Participation to field trip (y/n):

Please list here any special requirement regarding the food:
